R E G I S T R Y

## WHAT IS THE ORCHARD OCD REGISTRY?

It is for adults with obsessive compulsive disorder (OCD) who want to receive alerts about new research opportunities.

It is also for researchers to advertise their OCD studies.

*Watch for more information!*

## WHAT DOES TAKING PART IN RESEARCH INVOLVE?

It can vary from completing online questionnaires or speaking to someone about your experience of living with OCD, to trying a new type of medication or talking therapy.

## WHY SHOULD I SIGN UP?

Research is essential for learning more about OCD and which treatments may be helpful. Some studies provide rewards for taking part!
